

VISION 2020 DENTISTRY

SOUTHWEST DENTAL CONFERENCE

August 21-22, 2020 | Kay Bailey Hutchison Convention Center | Dallas, Texas

YOUR ENTIRE TEAM SHOULD BE A PART OF THE VISION!

Successful leaders know the importance of creating a strong shared vision for their team. With a clear destination in sight, team members can be inspired and stay focused.

People *want* to be inspired to accomplish great things, and the Southwest Dental Conference provides thought leadership and hands-on training that will motivate and excite action in all dental team members.

As educator H.E. Luccock once said, "No one can whistle a symphony. It takes a whole orchestra to play it." Sign up your entire team today!

EYE BY TONY TASSET, 1607 MAIN ST

WELCOME TO THE SOUTHWEST DENTAL CONFERENCE!

CELEBRATING OUR 93RD YEAR

Greetings and welcome to the 2020 Southwest Dental Conference! We are so excited you have chosen the Southwest Dental Conference for your continuing education.

As Angela Lansbury sang: “Be our guest, Be our guest, Put our service to the test. Tie your ‘lanyard’ round your neck, chérie, And we provide the rest!”

From the time you are greeted at the Welcome Booth with our well-known Southern hospitality until the point you are listening to a well-recognized speaker—and even when you enjoy a well-earned night at the Omni—you will be our guest!

In keeping with the year 2020, our theme for the Conference is Vision 20/20 Dentistry. If you have an eye exam and are told you have 20/20 vision, does this mean you have perfect vision? Is it possible to achieve even better than 20/20 vision? Through this Conference, we hope to enhance your vision of what a perfect practice looks like—through new continuing education classes, outstanding clinicians and an Exhibits Hall filled with cutting edge products and services.

We will have new speakers as well as many dynamic favorites returning, and courses will include a symposium just for dental assistants with Dr. Mac McDonald and his team. Dr. Tracey Nguyen will join us, lecturing on new sleep/breathing issues with kids; as will Dr. Melissa Rozas, with tips on how to manage the pediatric parents. Dr. Harold Crossley will provide overviews for all new street drugs that are surfacing; while Dr. Thomas Viola will speak on marijuana and how that affects dentistry.

With our date in August we will be much more casual, relaxed and vacation-like. The SWDC is collaborating with the Omni Dallas Hotel, the Kay Bailey Hutchison Convention Center and the Dallas Visitors Bureau to identify Dallas hot spots—such as Klyde Warren Park, The Perot Museum and Trinity Groves—to provide a great weekend of interest for all.

So register your team and family to enjoy Dallas and the Southwest Dental Conference before school moves into high gear. Be our guest and let us “provide the rest!”

ELIZABETH JAYNES
DDS, MS
2020 SWDC CHAIRMAN

DREW VANDERBROOK
DDS
2020-2021 DCDS PRESIDENT

The Southwest Dental Conference is the meeting of choice for quality professional development, offering innovative educational opportunities with our signature atmosphere of tradition, hospitality and camaraderie.

2020 SOUTHWEST DENTAL CONFERENCE

AUGUST 21-22, 2020
KAY BAILEY HUTCHISON
CONVENTION CENTER

650 S. GRIFFIN STREET
DALLAS, TEXAS 75202

Exhibit Hall D; Meeting Rooms C & D
All exhibit booths and clinical programs
are located at the Convention Center.

REGISTRATION INFORMATION

PREREGISTER TO SAVE TIME AND MONEY!

Avoid long registration lines: preregister online or by mail using the form on pages 10-11. Registrations after July 10, 2020 will incur an additional \$25 fee per person, and will increase again by \$25 per person on August 20, 2020.

PREREGISTRATION IS EASY!

Select courses and complete registration online (swdentalconf.org) or by mail. Those who register online will receive an email confirmation within 72 hours.

If mailing, send form to the registration company:

Southwest Dental Conference
 6840 Meadowridge Court
 Alpharetta, GA 30005

Registrations are processed in the order received. Students can only register by mail or on-site and family members can only register on-site. All students must provide a copy of their valid student ID card when registering by mail or on-site. Telephone and fax registrations are not accepted. All forms must be received by the registration company on or before July 10, 2020 to qualify for the preregistration fees. Registrations after this date must be done online and will incur additional charges. Fees are payable to Southwest Dental Conference in U.S. funds by check, money order, MasterCard, VISA or American Express. Credit card users must supply a new credit card number within 24 hours of denial notification or ordered tickets will be returned to inventory. Tickets will not be held.

ON-SITE REGISTRATION HOURS

Thursday, August 20	12:00-5:00 p.m.
Friday, August 21	7:30 a.m.-5:00 p.m.
Saturday, August 22	7:30 a.m.-2:00 p.m.

PREREGISTRATION MATERIALS

Badges and tickets are sent to U.S. registrants by mail. Materials for those outside the U.S. are held for pickup at the On-site Registration Area. Each registered person receives a personalized packet of materials. Obtain an on-site meeting program and other important information at the Welcome Center when you arrive.

CORRECTIONS/CHANGES/ADDITIONS

Corrections, changes and additions are processed at no charge after original registration has been submitted. Online registrants may make certain changes to their information and add classes through the website (swdentalconf.org). You cannot cancel registrations on the website. You may also mail corrections, changes and additions to the registration company. Indicate the ID number shown on your name badge.

STAY IN TOUCH!

Follow Southwest Dental Conference on
Social media for the latest news,
information, tips and contests!

TICKETS & COURSES

ONLINE HANDOUTS

After registering for courses, attendees with valid email addresses will receive access to handouts online.

Attendees should download the handouts for each course they plan to attend. Handouts are not available on-site.

LOST BADGES

Badges are required for entrance into courses and Exhibit Hall. Lost badges are replaced at no additional cost at the On-site Registration desk with ID.

COURSE FEES

Early registration is encouraged to ensure course availability and early bird pricing. Course fees increase by \$10 per course after July 10, 2020.

HANDS-ON WORKSHOPS

Workshops marked with an asterisk (*) require supplies. Supply lists are printed with the course synopsis. Attendees are responsible for bringing supplies to the course.

CLASSROOMS

All rooms are set to maximum capacity. When the room is filled, no additional people will be admitted and no standing is allowed per order of the fire marshal. No children are permitted in the classrooms. Cellular phones and pagers must be turned off prior to entering any of the meeting rooms.

SWDC COURSE TICKET POLICY

All 2020 Southwest Dental Conference courses are ticketed. You must be registered and have a ticket to attend each course. Please indicate the course numbers on your registration form.

You must register for the courses you plan to attend in order to receive CE credit. The SWDC CE Verification system does not allow you to enter completion codes for courses in which you did not obtain a ticket.

CANCELLATION/REFUND POLICY

CANCELLATION/REFUND DEADLINE: JULY 24, 2020.

Send a written request for cancellation/refund accompanied by badge and ticket summary to Southwest Dental Conference, 13633 Omega Road, Dallas, TX 75244. A 20% administrative fee will be assessed. No refunds are given after the stated deadline regardless of reason including, but not limited to, death, illness or acts of God. Refunds are processed four weeks after completion of the Conference.

THE 2020 SWDC APP IS AMAZING!

- See your personalized daily schedule with courses and room numbers.
- Receive alerts during the Conference.
- Find Exhibitors, add them to your itinerary and view their show specials.
- Get local information, including transportation and Dallas attractions.
- Look up Conference information, maps, clinicians and courses.
- Download your handouts.
- Redeem CE credits and have the certificate emailed to you.
- Available pre-conference on iPhone or Android.

DALLAS COUNTY DENTAL SOCIETY

ADA CER-P is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CER-P does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dallas County Dental Society designates one (1) credit per hour for CE activities, unless otherwise noted.

Concerns or complaints about a CE provider may be directed to the provider or to ADA CER-P at www.ada.org/goto/cerp.

CE courses provided by Dallas County Dental Society are recognized by the Texas State Board of Dental Examiners, other state's licensing bodies and the Academy of General Dentistry. In Texas, CE courses must be "technical or scientific as relates to clinical care" to qualify for relicensure. Courses are designated "technical and/or scientific" or "nontechnical." CE requirements differ from state to state, so please check with your state for specific requirements. AGD course codes and CE credit hours are shown on each course synopsis.

COURSE DISCLAIMER

The Southwest Dental Conference and its sponsor, Dallas County Dental Society, make every effort to present high-caliber clinicians in their respective areas of expertise. The presentations of the clinicians in no way imply endorsement of any product, technique or service presented in the courses. The Southwest Dental Conference and Dallas County Dental Society specifically disclaim responsibility for any material presented.

CE DOCUMENTATION

A CE Attendance Worksheet is available on-site at the Welcome Center. Record course information and completion codes on the CE Attendance Worksheet. Completion codes are given at the conclusion of each course. Each attendee is responsible for maintaining all CE documentation. AGD members may contact AGD for their forms. Some states have different requirements for documentation and verification of course credits. Please check with your state.

CE VERIFICATION

For on-site scanning, the CE Center is located at the back of the Exhibit Hall. At the computer, scan the bar code on your CE Scan Card and type in the four-digit completion code for each course attended. This will generate a printed CE Verification Certificate detailing course name, presenter, date, time and number of CE credit hours. Courses may be entered into the computer all at once or at various times. The printed CE Verification Certificate is cumulative and will show all courses you have attended each time the list is printed. Courses with identical dates and times will not print. The CE Center is open during Exhibit Hall hours Thursday and Friday. You may leave the CE Attendance Worksheet at the CE Center or mail it to the registration company after the Conference, and a CE Verification Certificate will be mailed to you. The registration service will mail CE Verification Certificates at no charge for up to 90 days after the Conference; thereafter, a \$25 charge is assessed.

CE Verification is available on the SWDC mobile app throughout the Conference and at swdentalconf.org post-Conference. Click on the CE Verification link. You will be directed to enter your badge number and your last name. After entering this information, please enter completion codes for every course you attended. You may either print or email your certificate.

This site will be available for six months after the 2020 SWDC.

TRAVEL INFORMATION

Dallas is easily accessed from across the country by two airports: Dallas Love Field and Dallas/Fort Worth International Airport.

RIDE THE DART RAIL SYSTEM

DART drops off riders just a short, covered walk from the Kay Bailey Hutchison Convention Center. Trains run at 20-minute intervals, 5:30 a.m.-12:30 a.m., seven days a week. Stations are located at the Convention Center and several areas throughout Dallas. For more information, call DART at 214-979-1111 or visit their website at dart.org.

TRINITY RAILWAY EXPRESS

If coming from west of Dallas, the Trinity Railway Express brings riders to Union Station, where you can catch a DART train to the Convention Center. For routes and schedules, visit trinityrailwayexpress.org.

PUBLIC PARKING

In addition to the underground parking off Griffin Street at the back of the Convention Center, surface parking lots surrounding the Convention Center are available at an estimated cost of \$15 per day. No reserved parking is available. Visit dallasconventioncenter.com for more information.

HOTEL ALERT!

Third-party companies may be claiming to book hotels using the SWDC name on an unauthorized website without our permission. These companies are not in any way affiliated with the SWDC or Omni Dallas Hotel (headquarters hotel).

The SWDC does not use third-party companies for reservations, and SWDC cannot verify the validity or security of any third party solicitor. Please book your hotel by contacting the hotel directly via web or phone. If you have any questions about the authenticity of information referencing our Conference, please contact us at 866-THE-SWDC.

OMNI DALLAS HOTEL

555 S. LAMAR
DALLAS, TX 75202
RESERVATIONS: 214-744-6664
WWW.OMNIHOTELS.COM

GROUP RATE CODE: 081720SWDEN2020

GROUP RATE DEADLINE: FRIDAY, JULY 17

The Omni Dallas Hotel features 1,001 guest rooms, including 64 luxury suites and three presidential suites. Enjoy the modern decor and the convenience of a short walk across the skybridge connected to the Convention Center. Social events, ancillary meetings and some courses will be held at the hotel.

Dining at the hotel consists of several fantastic eateries as well as a full-service Mokara Spa, gift shop, rooftop terrace pool deck and a spacious fitness center with stunning views of downtown.

Please note: Our convention dates are determined by the number of attendees that stay in the SWDC hotel room block. Please help us get the best, most consistent dates possible by staying in the Omni Dallas Hotel. This ensures that we receive credit for your stay and improves our standing with the Kay Bailey Hutchison Convention Center. Register early to book your hotel reservation.

SINCE 2017:

**1,035 DENTIST/HYGIENIST VOLUNTEER HOURS DONATED****4,301 PEOPLE SERVED BY FOUNDATION ACTIVITIES**

Since 1998 the Dallas County Dental Society Foundation has had the opportunity to:

- Provide screenings and educate elementary school children in the Dallas Independent School District (DISD) about oral health.
- Place sealants on second graders in DISD schools.
- Launch two programs in conjunction with the Dallas Dental Hygienists' Association to provide oral health education in schools (ToothTalk) and nursing homes (Senior Smiles) in the Dallas area.
- Provide over \$2.9 million in care to more than 4,800 underserved patients at Texas Mission of Mercy held in Dallas since 2004, in partnership with the Texas Dental Association Smiles Foundation.
- Collaborate with Attitudes and Attire™ program to promote volunteers to provide dentistry to Hopeful Smiles™ and Boots to Heels™ programs.
- Offer scholarships to dentists interested in public service.

WHY BE AN EARLY BIRD?

Better Course selection

Through the pre-registration date, July 10, we can re-arrange popular courses to accommodate more attendees. After that date, courses are limited to classroom size—once full, you're out of luck.

Discounted Registration fees

Registration fees increase \$25 after July 10, then another late fee of \$25 after August 19.

Discounted Course Fees

Course fees increase \$10 per course after July 10.

To help you with the math...

If you have an office of five attending the conference, with each person booked in four courses, you'll save up to \$450 (\$90 per person) by pre-registering.

BURKHART DENTAL SUPPLY**Equipment Maintenance and Repair Workshop**

Audience: ALL

9:00-11:00 a.m. repeating 1:00-3:00 p.m.

\$50 Early Bird | \$60 After July 10

AM Course # F04

PM Course # F05

CE Hours: 2 nontechnical

AGD Subject Code: 550

Co-sponsored and facilitated by Burkhart Dental Supply.

**LEARNING OBJECTIVES**

- Increase the lifespan for your dental equipment investments by learning preventative maintenance requirements and processes.
- Learn how to save on repair costs by making basic equipment repairs, such as, replacing o-rings, syringe buttons and more.
- Understand how to make simple equipment adjustments to improve the use of equipment.

ANTHONY CARDOZA, DDS**Dentistry's Role in the Mass Disaster Scenario/Child Abuse and Intimate Partner Violence Recognition**

Audience: ALL

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F15

CE Hours: 3 technical and/or scientific

AGD Subject Code: 145/155/156

LEARNING OBJECTIVES

- Become familiar with the use of dental records in a mass disaster.
- Understand the role of the forensic dentist in a mass fatality.
- Identify the signs and symptoms of physical abuse.
- Discover what your reporting duties are for a physically abused patient.

ANTHONY CARDOZA, DDS**CSI Effect Myth: An Overview of Contemporary Forensic Dentistry**

Audience: ALL

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F30

CE Hours: 3 technical and/or scientific

AGD Subject Code: 145

LEARNING OBJECTIVES

- Discover the varied roles of forensic dentists.
- Understand the forensic value of dental records.
- Recognize how to cooperate with the legal system.

STEVE CARSTENSEN, DDS**Dental Sleep Medicine Beyond the Basics**

Audience: ALL

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F31

CE Hours: 3 technical and/or scientific

AGD Subject Code: 160

LEARNING OBJECTIVES

- Learn how technology is used to predict success with oral appliance therapy and how to know if it's working.
- Gain knowledge to prevent patient problems with mandibular advancement devices and what to do to help if they develop issues.
- Explore consumer sleep technologies – maximize their benefit to you and your patients.
- Incorporate a dental services treatment plan while protecting the airway.

CE EXPRESS

Audience: D,A,H

8:00 a.m.-12:00 p.m.

\$50 Early Bird | \$60 After July 10
(includes all four courses)

Course #F01

CE Hours: 4 technical and/or scientific

REENA KUBA, DDS, MS

BEN CURTIS, DDS

**Black Stuff, White Stuff, Red Stuff -
Oh My! What's New in Pediatric Dentistry**

8:00-9:00 a.m.

AGD Subject Code: 430

WILLIAM SCARFE, BDS, MS

CBCT in Dental Practice: Perspectives on Clinical Use

9:00-10:00 a.m.

AGD Subject Code: 165

WILLIAM SCARFE, BDS, MS

Dentistry 4.0: From Virtuality to Reality

10:00-11:00 a.m.

AGD Subject Code: 165

THOMAS SCHLIEVE, DDS, MD

Oral Cancer in Young People and the Role of HPV

11:00 a.m.-12:00 p.m.

AGD Subject Code: 730

HYGIENE CE EXPRESS

Audience: D,A,H

12:30-4:30 p.m.

\$50 Early Bird | \$60 After July 10
(includes all four courses)

Course #F02

CE Hours: 4 technical and/or scientific

Co-sponsored by the Dallas Dental Hygienists' Association.

CATHY STEWART, RDH, BS

**If You Don't Snooze, You Lose:
Uncovering Sleep Disordered Breathing**

12:30-1:30 p.m.

AGD Subject Code: 160

LIZ SPOONTS, RDH, MS

**Emergencies in the Dental Office –
Is Your Office Ready?**

1:30-2:30 p.m.

AGD Subject Code: 142

KAYLA REED, RDH, MS-EDHP

Elder Abuse in the Dental Office

2:30-3:30 p.m.

AGD Subject Code: 752

KAREN DAVIS, RDH, BSDH

**Invisible Pain: Realities Within the World of
Autoimmune Diseases**

3:30-4:30 p.m.

AGD Subject Code: 750

HAROLD CROSSLEY, DDS, MS, PHD**Opioid Use, Abuse and Addiction: AND Marijuana and Its Impact on You, Your Family and Your Dental Practice! Part I**

Audience: ALL

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F16

CE Hours: 3 technical and/or scientific

AGD Subject Code: 016

LEARNING OBJECTIVES

- Understand the difference between the synthetic and natural forms of opiates.
- Identify the difference among abuse, addiction, and misuse.
- Learn the medicinal and recreational effects of alcohol and opiates on the body system.

HAROLD CROSSLEY, DDS, MS, PHD**Opioid Use, Abuse and Addiction: AND Marijuana and Its Impact on You, Your Family and Your Dental Practice! Part II**

Audience: ALL

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F32

CE Hours: 3 technical and/or scientific

AGD Subject Code: 016

LEARNING OBJECTIVES

- Learn the impact of marijuana on dental treatment.
- Understand the evidence supporting medicinal uses.
- Distinguish the meaning of shatter, dab, wax, and scat.

JIM GRISDALE, DDS**The Dark Side of Implants: Complications, Diagnosis and Management**

Audience: D,A,H,T

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F10

CE Hours: 3 technical and/or scientific

AGD Subject Code: 490/690

LEARNING OBJECTIVES

- Identify patients at higher risk for dental implants.
- Learn the different types of complications.
- Recognize the differences between early and late stage complications.
- Understand the differences between biological and biomechanical complications.
- Understand the appropriate management protocol for early intervention and treatment.

JIM GRISDALE, DDS

Peri-Implant Disease: Diagnosis, Treatment and Maintenance Therapy 101 for the Dental Team

Audience: D,A,H

Time: 1:00-4:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F27

CE Hours: 3 technical and/or scientific

AGD Subject Code: 495/690

LEARNING OBJECTIVES

- Fundamentals of implant surgery, restoration and in-depth details for successful maintenance programs.
- Learn when to probe, when to take radiographs and how to properly document findings at each maintenance recall appointment.
- Identify and differentiate between the ailing, failing and failed implant and how to treat each complication.
- Explore different philosophies and correct sequence to treat the different types of peri-implant diseases.
- Review the different instrumentation and techniques for predictable implant maintenance.

THERESA GROODY, CDA, MED

ABC's of Restorative Procedures: Adhesion, Bands and Composite

Audience: A

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F11

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

LEARNING OBJECTIVES

- Gain knowledge to compare/contrast generations of dental adhesives; explain basic functions of each component and when/why to use them.
- Identify criteria for properly placed matrix systems.
- Review material choices, placement/finishing/polishing techniques for each class of composite restoration and why each step is vital for long term success.

THERESA GROODY, CDA, MED

Perfecting the Provisional Crown Process Workshop

Audience: A

Time: 1:00-4:00 p.m.

Fee: \$145* Early Bird | \$155* After July 10

Course # F06

CE Hours: 3 technical and/or scientific

*Attendees should bring safety glasses and lab burs for trimming.

AGD Subject Code: 017/250

Thanks to Dentsply Sirona for providing supplies and equipment for this workshop.

LEARNING OBJECTIVES

- Discover indications and discuss criteria for clinically acceptable provisionals.
- How to differentiate provisional fabrication using block, preformed, impression and splint methods.
- Understand procedure for fabrication and proper use of a handpiece to trim/polish matrix type provisionals.
- Explore indications for different cementation options.

MEL HAWKINS, DDS**Local Anesthesia: 30+ Years of Hits, Misses and Near Misses - Technique and Pharmacology**

Audience: D,A,H

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F12

CE Hours: 3 technical and/or scientific

AGD Subject Code: 132

LEARNING OBJECTIVES

- Become familiar with the anatomy of local anesthesia.
- Understand the influence of tissue and product pH.
- Learn and simulate doing specific (Gow-Gates, Akinosi) techniques and which might be used and when.
- Learn inferior alveolar tips and tricks applied over 30+ years.
- Gauge assess and critique reasons for failure and “What would you do now, Doctor?”

MEL HAWKINS, DDS**Local Anesthesia: Advanced Technique Simulation Workshop**

Audience: D,A,H

Time: 1:00-4:00 p.m.

Fee: \$175* Early Bird | \$185* After July 10

Course # F07

CE Hours: 3 technical and/or scientific

*Attendees should bring loupes. If desired, bring customary office syringe(s) and local anesthesia technique textbook.

AGD Subject Code: 132

LEARNING OBJECTIVES

- Review the anatomy of local anesthesia.
- Learn specific (Gow-Gates, Akinosi) techniques by simulation.
- Define combinations of techniques, volume and make intelligent choices as to which local anesthetics might be used and when.
- Discover how to apply twelve inferior alveolar tips and tricks learned over 30+ years.

CATHY JAMESON, PhD**Creating a Healthy Work Environment**

Audience: ALL

Time: 8:30-11:30 a.m.

Fee: \$20 Early Bird | \$30 After July 10

Course # F17

CE Hours: 3 nontechnical

AGD Subject Code: 550

Presented in part with an educational grant from CareCredit. 

LEARNING OBJECTIVES

- Gain knowledge on employing the leadership capability of each person on the team.
- Review how to enhance patient care and customer service: the key to practice building.
- Learn how to make teamwork a reality rather than a cliché.
- Understand how to create a sense of “co-ownership” among team members.
- Learn how to increase the productivity of individuals and translate that into increased productivity for the practice.

CATHY JAMESON, PhD

Overcoming “I’ll Think About It!”

Audience: ALL

Time: 1:30-4:30 p.m.

Fee: \$20 Early Bird | \$30 After July 10

Course # F33

CE Hours: 3 nontechnical

AGD Subject Code: 550

Presented in part with an educational grant from CareCredit. 

LEARNING OBJECTIVES

- Learn the art of the new patient experience.
- Learn how to create a culture in your practice that empowers, inspires and reflects true professionalism and well-managed systems.
- Develop skills necessary for effective listening and speaking.
- Learn techniques necessary for successful case presentation.
- Learn how to make financial arrangements and how to find financial options that work for your patients and your practice.
- Discover how to create an ambiance inside your practice and throughout your community that reflects the quality of dentistry you wish to provide.

ALAN JEROFF, DMD

Why, Why, Can’t I Remove This Tooth? Avoiding the Oh No! Moments in Oral Surgery

Audience: D,A,H

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F13

CE Hours: 3 technical and/or scientific

AGD Subject Code: 310

LEARNING OBJECTIVES

- Become familiar with case selection skills when choosing to do oral surgery.
- Expand your skill set when it comes to oral surgery procedures.
- Learn how to better manage problems with oral surgery cases.

ALAN JEROFF, DMD

Everyday Oral Surgery Skills for General Dentists Workshop

Audience: D

Time: 1:00-4:00 p.m.

Fee: \$195 Early Bird | \$205 After July 10

Course # F08

CE Hours: 3 technical and/or scientific

AGD Subject Code: 310

Thanks to A-Titan and Hu-Friedy for providing supplies and equipment for this workshop.

LEARNING OBJECTIVES

- Implement improved techniques for removing teeth while preserving bone, for example, sectioning of regular teeth and impacted third molars.
- Identify and manage extraction sockets to improve the site for later implant placement.
- Learn how to preserve the ridge after extraction with a thin or missing buccal plate and do straight forward socket preservation, for example, use of membranes and graft materials.
- Recognize which type of flaps to make without tearing the tissue and how to suture them.
- Understand the different suturing techniques and when to use them.
- Understand the correct method of crown lengthening of teeth for restorative purposes.

ANNE KOCH, DMD**Safety and Simplicity in Root Canal Instrumentation**

Audience: D

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F18

CE Hours: 3 technical and/or scientific

AGD Subject Code: 070

*Presented in part with an educational grant from
Brasseler and RealWorld Endo.*

**LEARNING OBJECTIVES**

- Learn how rotary file design influences instrumentation safety and efficiency.
- Understand the advantages of heat-treated files and how best to use them.
- Discover the most effective instrument motions available for shaping root canals and their advantages and limitations.

ANNE KOCH, DMD**Safety and Simplicity in Root Canal Instrumentation Workshop**

Audience: D

Time: 1:00-4:00 p.m.

Fee: \$175* Early Bird | \$185* After July 10

Course # F09

CE Hours: 3 technical and/or scientific

*Attendees should bring any accessed, extracted teeth you prefer to work on.

AGD Subject Code: 070

*Presented in part with an educational grant from
Brasseler and RealWorld Endo.*

**LEARNING OBJECTIVES**

- Understand the need to combine the latest technology with long established, evidence-based endodontic principles.
- Recognize the need to utilize piezoelectric ultrasonics in both access and three-dimensional irrigation.
- Explore the benefits of bioceramic obturation and the incorporation of matching posts.

NATHANIEL LAWSON, DMD, PHD**Materials and Techniques to Improve Your Class II Restorations**

Audience: D,A

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F14

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017

LEARNING OBJECTIVES

- Explore treatment guidelines for interproximal caries and caries removal endpoints.
- Discover materials and techniques to promote a long lasting adhesive bond and create a well-adapted restoration.
- Learn how to analyze matrix utilization and contouring instruments to achieve a tight and well contoured contact.

NATHANIEL LAWSON, DMD, PHD

Bonding Dental Ceramics

Audience: D,A,T

Time: 1:00-4:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F28

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017

LEARNING OBJECTIVES

- Understand the indications for bonding dental ceramics.
- Discover the methods to clean ceramics prior to bonding.
- Explore a protocol for preparing the surface of ceramic crowns (for example, etching or sandblasting).
- Review the primers used on ceramic restorations.
- Classify the types of cements used for adhesive bonding.

EDWIN (MAC) McDONALD III, DDS

JOEL SMALL, DDS

The Promise of Leadership

Audience: D

Time: 9:00 a.m.-12:00 p.m.

Fee: \$20 Early Bird | \$30 After July 10

Course # F23

CE Hours: 3 nontechnical

AGD Subject Code: 550

LEARNING OBJECTIVES

- Clarify your role as a leader and a key influencer to the success of your practice.
- Understand the creative competencies and reactive tendencies of leadership effectiveness.
- Learn the importance of feedback and how to use it in your day to day practice.
- Become familiar with creating a leadership development plan that transforms you as a leader.

EDWIN (MAC) McDONALD III, DDS

JOEL SMALL, DDS

Creating a Culture That Transforms and Performs

Audience: D

Time: 2:00-5:00 p.m.

Fee: \$20 Early Bird | \$30 After July 10

Course # F40

CE Hours: 3 nontechnical

AGD Subject Code: 550

LEARNING OBJECTIVES

- What is our why? Are profit and purpose congruent?
- Facilitate how to employ trust as the currency of your culture.
- Creating a shared mental model in your team.
- Develop a "People First" organization.
- Identify and close cultural gaps.

JOHN MOLINARI, PHD

Challenge of Waterborne Infections: A Microbiology Perspective

Audience: ALL

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F19

CE Hours: 3 technical and/or scientific

AGD Subject Code: 148

LEARNING OBJECTIVES

- Comprehend the historical and current challenges with waterborne infections.
- Understand their unique colonization and pathogenic properties promote cross-contamination and infection in susceptible hosts.
- Describe infectious disease characteristics of specific waterborne pathogens that challenge our health care infection control procedures.
- Explore available approaches to control microbial colonization of waterlines in dental and medical settings.

JOHN MOLINARI, PHD**Infection Control: That Thing You Do**

Audience: ALL

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F34

CE Hours: 3 technical and/or scientific

AGD Subject Code: 148

LEARNING OBJECTIVES

- Learn the most recent updates for CDC infection control recommendations.
- Develop the rationale for effective, hand hygiene procedures as fundamental components of an infection control program.
- Gain knowledge of the challenges bloodborne and respiratory infections present to healthcare workers.
- Comprehend the most current vaccination recommendations for dental personnel.
- Recognize recent technology advances and protocols for instrument processing and sterilization.
- Identify efficient and effective approaches to monitor sterilization.
- Explore the use of disposables and disinfectants used in environmental surface asepsis.
- Investigate factors which can lead to dental unit waterline (DUWL) contamination.
- Learn practical strategies which may minimize forms of DUWL contamination.

PAM MOORE, DDS**Nitrous Oxide Monitoring/
Certification for Auxillaries**

Audience: A,H

Time: 8:00 a.m.-12:00 p.m. and 1:00-5:00 p.m. (all day)

Fee: \$155* Early Bird | \$165* After July 10

Course # F03

CE Hours: 8 technical and/or scientific

CE requirements differ from state to state; check with your state for specific requirements.

REGISTRATION DEADLINE FOR THIS COURSE IS JULY 15, 2020.

*Attendees are required to download, print and bring the study guide to this workshop. Study guides will not be provided on-site. Attendees must bring their state ID card or driver's license, a highlighter and two (2) #2 sharpened pencils. Upon completion of this course the attendee will be administered the required exam.

A valid email address is mandatory. Attendees will be contacted for additional REQUIRED information and notified when the study guide is available for download.

AGD Subject Code: 163

LEARNING OBJECTIVES

- Become familiar with the history and pharmacology of nitrous oxide.
- Review anatomy and physiology.
- Understand the stages of anesthesia/sedation.
- Gain knowledge of patient monitoring and managing potential complications.
- Review safety for staff and patient.
- Understand infection control and legal considerations.

PEDIATRIC SYMPOSIUM

TRACEY NGUYEN, DDS

Dental Screening Tools and Intervention Strategies for Airway Management

Audience: ALL

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F20

CE Hours: 3 technical and/or scientific

AGD Subject Code: 160/430

LEARNING OBJECTIVES

- Understand how to recognize common malocclusion that have co-morbidities to sleep and airway diseases.
- Become familiar with common screening tools and digital images available.

TRACEY NGUYEN, DDS

Who You Need on Your Airway Team

Audience: ALL

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F35

CE Hours: 3 technical and/or scientific

AGD Subject Code: 160/430

LEARNING OBJECTIVES

- Understand oxygen absorption differences between nasal and mouth breathing.
- Describe early habits that lead to mouth breathing and long face syndrome.
- Recognize tongue function and the impact of ankyloglossia.
- Learn how to screen patients for correct resting tongue posture.
- Implement a three-step process to help mouth breathers revert to nose breathers.

TRISHA O'HEHIR, MS, RDH

LipZip: Breathe Better to Live Better

Audience: ALL

Time: 9:00 a.m.-12:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F24

CE Hours: 3 technical and/or scientific

AGD Subject Code: 160/431

Presented in part with an educational grant from Waterpik.

LEARNING OBJECTIVES

- Understand the goals of dental airway management to properly communicate with other specialists and develop an interdisciplinary team.
- Explore various orthodontic tools in airway management for all ages.
- Discover how to market your practice via social media.
- Learn how to manage your airway team.

TRISHA O'HEHIR, MS, RDH**Why Do Gums Bleed?****The Impact of Sugar on Systemic Health**

Audience: ALL

Time: 2:00-5:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F41

CE Hours: 3 technical and/or scientific

AGD Subject Code: 150

Presented in part with an educational grant from Waterpik.**LEARNING OBJECTIVES**

- Discover the false premise supporting the low-fat diet.
- Learn the truth about sugar's role in oral and systemic health.
- Learn how to initiate conversations with patients about hidden sugars.
- Recognize the role of dental professionals in diet coaching.
- Explore the role of the sugar industry in covering up vital information.

JEFFREY OKESON, DMD**What Every Dentist Needs to Know About TMD - Part I**

Audience: D,A,H

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F21

CE Hours: 3 technical and/or scientific

AGD Subject Code: 182

LEARNING OBJECTIVES

- Learn to identify when pain referral is present in the orofacial structures.
- Learn to differentiate TMD from other orofacial pain disorders.
- Recognize when occlusion may be factor in TMD.

JEFFREY OKESON, DMD**What Every Dentist Needs to Know About TMD - Part II**

Audience: D,A,H

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F36

CE Hours: 3 technical and/or scientific

AGD Subject Code: 182

LEARNING OBJECTIVES

- Explore the role of bruxism in TMD.
- Learn to differentiate five types of muscle pain disorders.
- Identify the nature course of intracapsular disorders.
- Understand why an occlusal appliance may help your patient.

LACI PHILLIPS**Communications, Coding and Collections**

Audience: ALL

Time: 1:00-4:00 p.m.

Fee: \$20 Early Bird | \$30 After July 10

Course # F29

CE Hours: 3 nontechnical

AGD Subject Code: 554

LEARNING OBJECTIVES

- Learn new communication technique's to ensure patients are educated and compliant.
- Review new coding and collections efficiencies.
- Differentiate between a Patient Focused Office and an insurance driven practice.

WILLIAM ROBBINS, DDS, MA

Global Diagnosis - A New Vision of Dental Diagnosis and Treatment Planning

Audience: D,A,H,T

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F22

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

LEARNING OBJECTIVES

- Explore four Global Diagnoses.
- Learn the “5 CORE Questions” with their corresponding treatment options.
- Understand how to communicate with the interdisciplinary team.

WILLIAM ROBBINS, DDS, MA

Global Diagnosis and Digital Smile Design - A New Synergy

Audience: D,A,H,T

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F37

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

LEARNING OBJECTIVES

- Understand the mechanics of the Digital Smile Design concept.
- Learn how to implement the Digital Smile Design concept.
- Evaluate the Global Diagnosis system.
- Explore the unique synergy between the two concepts.

WILLIAM SCARFE, BDS, MS

ABC's of Panoramic Imaging

Audience: D,A,H

Time: 1:30-4:30 p.m.

Fee: \$45* Early Bird | \$55* After July 10

Course # F38

CE Hours: 3 technical and/or scientific

*Attendees will need to access an internet browser on their smartphone or laptop. Attendees will be instructed to go to <https://www.menti.com> and sign in using a Voter ID, which will be provided at the Workshop. Participants will be actively polled during the entire session to determine knowledge and reinforce concepts. All responses are anonymous and individual participants are not identified.

AGD Subject Code: 165

LEARNING OBJECTIVES

- Learn how to analyze and interpret panoramic images using a systematic step by step approach.
- Recognize and correlate regional anatomy with panoramic image presentation.
- Identify regional anomalies.
- Develop a radiologic differential diagnosis of common maxillofacial pathologies on panoramic images.

THOMAS SOLLECITO, DMD**Oral Cancer and Potentially Malignant Disorders**

Audience: D,A,H

Time: 9:00 a.m.-12:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F25

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

LEARNING OBJECTIVES

- Explore the oral cavity and diagnose potentially malignant oral lesions (PMOL)/oral cancer.
- Recognize the risk factors for PMOL/oral cancer.
- Understand the role in monitoring these lesions.
- Understand the management of PMOL/oral cancer.
- Learn how to counsel your patients regarding their oral condition.

THOMAS SOLLECITO, DMD**Oral Mucosal Disease:
A Field Guide for the Oral Healthcare Practitioner**

Audience: D,A,H

Time: 2:00-5:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F42

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

LEARNING OBJECTIVES

- Evaluate the oral cavity and diagnose common oral mucosal diseases.
- Understand the relationship between systemic disease and its oral manifestations.
- Learn how to better manage those oral conditions with the latest therapeutics.
- Discover how to counsel your patients regarding their oral condition.

THOMAS VIOLA, RPH, CCP**Un-Break My Heart! Cardiovascular Disease,
Dental Considerations and Patient Care Planning**

Audience: ALL

Time: 9:00 a.m.-12:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F26

CE Hours: 3 technical and/or scientific

AGD Subject Code: 016

LEARNING OBJECTIVES

- Become familiar with the family of cardiovascular diseases and the complex interplay with systemic inflammation and co-morbid diseases.
- Review the classes of medications used in the treatment of hypertension along with their pharmacologic effects, adverse reactions and dental implications.
- Understand the mechanism of action of anticoagulants and antiplatelet agents including their adverse reactions and patient care considerations.
- Gain knowledge of treatment modifications and care planning strategies recommended for dental patients with cardiovascular disease.

THOMAS VIOLA, RPH, CCP
It's (Medically) Complicated!
Essential Pharmacology for Treating
Medically Complex Dental Patients

Audience: ALL

Time: 2:00-5:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F43

CE Hours: 3 technical and/or scientific

AGD Subject Code: 016

LEARNING OBJECTIVES

- Identify the prescription medications most frequently encountered on a patient's medical history and discuss their indications for use, adverse reactions and impact on dental therapy.
- Explore the non-prescription medications most often used by dental patients and explain their impact on dental therapy, including situations which preclude their use.
- Recognize the most popular herbal products and nutritional supplements and discuss their purported uses and dental considerations.
- Understand the most common substances of abuse and describe their oral manifestations and dental treatment considerations.

JILL WADE, DDS

Smile with Heart: The Interactive Tour of a
Successful Dental Wellness Program

Audience: ALL

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # F39

CE Hours: 3 technical and/or scientific

AGD Subject Code: 495/730/734

LEARNING OBJECTIVES

- Recognize what the "right" questions are to ask.
- Learn how to utilize your phone, iPad or laptop to view clinical details of the oral systemic connections during this course.
- Explore the simple approach to uncover root causes of disease.
- Review how technology in the office will support your discovery of hidden dental infections and diagnosis of periodontal disease.

HIGHLIGHTS

SATURDAY, AUGUST 22

Medical Emergencies in the Dental Office – Medical Emergencies in LIFE!

Mel Hawkins, DDS

8:00-11:00 a.m.

Powerful Partnership – Build a Strong Dentist-Hygienist Relationship for a Thriving Practice

Rachael Wall, RDH, BS

8:00-11:00 a.m.

A Systemic Approach to Periodontal Classifications and Treatment

Maryanne Butler, DDS, MS

8:30-11:30 a.m.

21st Century Laser-Assisted Dentistry Workshop

Anthony Cardoza, DDS

1:00-4:00 p.m.

Vaccine Recommendations: Science, Success and Myths

John Molinari, PhD

1:00-4:00 p.m.

Seven Secrets to Living Well!

Pamela Smith, RDN

1:30-4:30 p.m.

Perfect Photographs? Learn Portrait and Intra-Oral Photography Workshop

George Zehak, DDS

1:30-4:30 p.m.

CHAPEL OF THANKSGIVING BY PHILLIP JOHNSON, THANKSGIVING SQUARE

BRIAN BUTLER, DDS, MS

Anterior Esthetics with Dental Implants

Audience: D,A

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S09

CE Hours: 3 technical and/or scientific

AGD Subject Code: 690

LEARNING OBJECTIVES

- Learn diagnosis and treatment planning for anterior esthetics.
- Explore the use of surgical guides for ideal placement.
- Utilize provisional restorations to manage and shape the soft tissue emergence.
- Learn how to achieve esthetic final implant restorations.

BRIAN BUTLER, DDS, MS

Cement vs. Screw Retained Implant Restorations

Audience: D,A

Time: 1:00-4:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S28

CE Hours: 3 technical and/or scientific

AGD Subject Code: 690

LEARNING OBJECTIVES

- Learn diagnosis and treatment planning protocols.
- Recognize abutment and restoration choices.
- Evaluate cementation choices and technique.
- Identify complications with both choices.
- Learn to manage implant complications with loose abutments and broken screws.
- Understand how to restore an implant with the technique of implant naturalization.

MARYANNE BUTLER, DDS, MS

A Systemic Approach to Periodontal Classifications and Treatment

Audience: D,A,H

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S18

CE Hours: 3 technical and/or scientific

AGD Subject Code: 135/490/492/693

LEARNING OBJECTIVES

- Identify, diagnose and classify mucogingival diseases.
- Understand when a mucogingival disease needs intervention and/or referral.
- Identify, diagnose and classify periodontal disease.
- Identify, diagnose and classify peri-implant mucositis and peri-implant disease.
- Become familiar with peri-implant mucositis and when peri-implant disease needs intervention and/or referral.

MARYANNE BUTLER, DDS, MS

Trends and Truth

Audience: D,H

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S36

CE Hours: 3 technical and/or scientific

AGD Subject Code: 344/490/509

LEARNING OBJECTIVES

- Review the “hot topics” (oil pulling, lasers, essential oils, vaping, marijuana, hydrogen peroxide and flossing) in the news that affect our patients.
- Identify the literature and the evidence behind the topics and discover trend or truth.
- Learn how to discuss the “truth” behind the topics with our patients.

ANTHONY CARDOZA, DDS

21st Century Laser-Assisted Dentistry

Audience: D,H

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S10

CE Hours: 3 technical and/or scientific

AGD Subject Code: 135

LEARNING OBJECTIVES

- Understand basic laser safety and physics.
- Learn clinical applications of dental hard and soft tissue lasers.
- Employ common laser dental hygiene applications.

ANTHONY CARDOZA, DDS

21st Century Laser-Assisted Dentistry Workshop

Audience: D,H

Time: 1:00-4:00 p.m.

Fee: \$195* Early Bird | \$205* After July 10

Course # S05

CE Hours: 3 technical and/or scientific

*Attendees should bring loupes (if desired).

AGD Subject Code: 135

Thanks to Fotona, Henry Schein and Ultradent for providing supplies and equipment for this workshop.

LEARNING OBJECTIVES

- Understand basic laser safety and physics.
- Learn clinical applications of dental hard tissue and soft tissue lasers.
- Learn to incorporate the laser (hands on) in a simulated dental hard and soft tissue environment.

STEVE CARSTENSEN, DDS

A Bad Airway Affects the Whole Person, All Their Life

Audience: ALL

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S19

CE Hours: 3 technical and/or scientific

AGD Subject Code: 160

LEARNING OBJECTIVES

- Learn the difference between breathing badly during the day and during sleep.
- Explore how Sleep Related Breathing Disorders affect basic body physiology.
- Identify how Sleep Related Breathing Disorders effects show up differently at different ages.
- Understand how the accumulating nights of Sleep Related Breathing Disorders add up to more and more disease.

STEVE CARSTENSEN, DDS

Matching Patients to Oral Appliance Therapy Workshop

Audience: D,A

Time: 1:00-4:00 p.m.

Fee: \$175 Early Bird | \$185* After July 10

Course # S06

CE Hours: 3 technical and/or scientific

AGD Subject Code: 160

Thanks to Airway Labs for providing supplies and equipment for this workshop.

LEARNING OBJECTIVES

- Understand fit and rationale of use of trial appliances for SRBD.
- Explore the various types of mandibular advancement devices and which patients they might be most appropriate for.
- Develop confidence recording the 3D bite registration and AM Aligner.

CE EXPRESS

Audience: D,A,H

12:30-4:30 p.m.

\$50 Early Bird | \$60 After July 10
(includes all four courses)

Course #S03

CE Hours: 4 technical and/or scientific

JACQUELINE PLEMONS, DDS, MS

Oral Medicine in Private Practice -

How to Make it Work for You and Your Patients

12:30-1:30 p.m.

AGD Subject Code: 730

RUBEN OVADIA, DDS, MS

Innovations in Periodontics Using PRF Technology

1:30-2:30 p.m.

AGD Subject Code: 490

DAN BISHOP, DDS, MS, PHD

Cracks, Fractures and Pain... Oh My!

2:30-3:30 p.m.

AGD Subject Code: 070/077

ANDREW READ-FULLER, DDS, MD

Evaluation and Management of Odontogenic Infections

3:30-4:30 p.m.

AGD Subject Code: 310/317

HYGIENE CE EXPRESS

Audience: D,A,H

8:00 a.m.-12:00 p.m.

\$50 Early Bird | \$60 After July 10
(includes all four courses)

Course #S02

CE Hours: 4 technical and/or scientific

Co-sponsored by the Dallas Dental Hygienists' Association.

LEIGH ANN WYATT, BSDH, MA, MS

Ultrasonic Instrumentation - Part Deux

8:00-9:00 a.m.

AGD Subject Code: 495

TONYA RAY, RDH, MA

The Endocannabinoid System and the Recent Interest in CBD

9:00-10:00 a.m.

AGD Subject Code: 016

MARY VU, RDH, MS

Ergonomics: Aligning Your Body With Your Career

10:00-11:00 a.m.

AGD Subject Code: 012/770

AUDREY STANSBURY, DDS

Deleterious Effects of Bruxism (Bruxism is BAD!)

11:00 a.m.-12:00 p.m.

AGD Subject Code: 180

JOHN FLUCKE, DDS**Scrabble and Alphabet Soup –
Bringing Simplicity to Cone Beam Technology**

Audience: D,A,H

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S20

CE Hours: 3 technical and/or scientific

AGD Subject Code: 165

LEARNING OBJECTIVES:

- Become familiar with common CBCT terminology.
- Learn proper imaging resolutions.
- Understand advantages of 3D vs 2D radiography.

JOHN FLUCKE, DDS**There's No "D" Like "3D" –
Cone Beam, Digital Impressions, Milling and
3D Printing in a Digital Practice**

Audience: D,A,H

Time: 1:00-4:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S29

CE Hours: 3 technical and/or scientific

AGD Subject Code: 165

LEARNING OBJECTIVES:

- Understand advantages of digitally acquired impressions.
- Learn about different manufacturers and models.
- Recognize why 3D printing will change dentistry.

JIM GRISDALE, DDS**Key Essentials for Successful Bone Grafting
Techniques for Socket Preservation and
Augmentation for Implants and Restorative
Dentistry: The Basics and Future Trends**

Audience: D

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S11

CE Hours: 3 technical and/or scientific

AGD Subject Code: 490/499

LEARNING OBJECTIVES

- How to correctly diagnose and treatment plan for soft and hard tissue defects.
- Explore predictable techniques for socket preservation and ridge augmentation.
- Determine when and where to use different flap designs.
- Investigate which graft materials to use, when and how to incorporate membranes for successful socket preservation and ridge augmentation.
- Discover future trends for predictable soft and hard tissue grafting techniques.

JIM GRISDALE, DDS

Predictable Bone Grafting for Site Preparation: Implants and Restorative Dentistry Workshop

Audience: D

Time: 1:00-4:00 p.m.

Fee: \$225* Early Bird | \$235* After July 10

Course # S07

CE Hours: 3 technical and/or scientific

*Attendees should bring loupes with a head light. A model will be provided for each attendee to take home after the course.

AGD Subject Code: 490/499

Thanks to Dentsply Sirona and Hu-Friedy for providing supplies and equipment for this workshop.

LEARNING OBJECTIVES

- Learn diagnosis and treatment planning for socket preservation and ridge augmentation.
- Explore when and how to perform atraumatic extractions.
- Recognize the criteria to select the appropriate grafting material.
- Determine how to select and work with different membranes.
- Learn how to select the correct flap designs for all procedures.

MEL HAWKINS, DDS

Medical Emergencies in the Dental Office - Medical Emergencies in LIFE!

Audience: ALL

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S12

CE Hours: 3 technical and/or scientific

AGD Subject Code: 142

LEARNING OBJECTIVES

- Appreciate the differences between true emergencies, urgencies, annoyances and non-events.
- Comprehend the pharmacology of a very few drugs including oxygen and make an emergency kit.
- Consider the physiological differences between the adult, the child and the senior citizen.
- Assess case reports in the dental office and in day-to-day life.
- Acquire confidence in the standard approaches for any emergency by knowing syncope management and by doing mock simulations.

ANNE KOCH, DMD

Safety and Simplicity in Root Canal Instrumentation Workshop (repeat)

Audience: D

Time: 8:00-11:00 a.m.

Fee: \$175* Early Bird | \$185* After July 10

Course # S04

CE Hours: 3 technical and/or scientific

*Attendees should bring any accessed, extracted teeth you may want to work on.

AGD Subject Code: 070

Presented in part with an educational grant from Brasseler and RealWorld Endo.

LEARNING OBJECTIVES

- Understand the need to combine the latest technology with long established, evidence-based endodontic principles.
- Incorporate the need to utilize piezoelectric ultrasonics in both access and three-dimensional irrigation.
- Explore the benefits of bioceramic obturation and the incorporation of matching posts.

THE MAC CLASS (MASTER ASSISTANT CLASS)

EDWIN (MAC) MCDONALD III, DDS

The Exceptional Assistant - Turning the Ordinary Into the Extraordinary Everyday

Part I: The Seamless Appointment

Audience: ALL

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S13

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017/550

LEARNING OBJECTIVES

- Explore why the mission, vision and values of the practice are important to you.
- Learn how to create powerful partnerships with your doctor and team.
- Establish agreements and systems for clinical procedures and clinical preparation.
- Review clinical systems showcase: cross training, six handed dentistry and impressions.
- Become familiar with designing and executing the seamless clinical appointment.
- How to become an advocate for the patient.

EDWIN (MAC) MCDONALD III, DDS

The Exceptional Assistant - Turning the Ordinary Into the Extraordinary Everyday

Part II: Building Clinical Competency

Audience: ALL

Time: 1:00-4:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S30

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017/250

LEARNING OBJECTIVES

- Recognize the materials and techniques of composite resin and bonding.
- Review the materials and techniques of a single crown.
- Understand the fundamentals of esthetics and function for dental assistants.
- Learn how to design and build a beautiful provisional crown every time.
- Explore local anesthesia for assistants.

THOMAS MCGARRY, DDS

Positioning Implants to Achieve Predictable Restorative Success

Audience: D,A

Time: 9:00 a.m.-12:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S26

CE Hours: 3 technical and/or scientific

AGD Subject Code: 610

LEARNING OBJECTIVES

- Understand anatomic limitations – CBCT technology with computer aided diagnosis software can now identify preoperatively potential limitations to ideal implant positioning.
- Explore types of implant restorations-single crowns, cemented or screw retained, multi-unit fixed restorations, overdentures and complete arch fixed restorations.
- Learn about abutment selection for all types of restorations including material choices and restorative material options for all types of restorations.

THOMAS MCGARRY, DDS

Merging Technology into Your Practice

Audience: D,A

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S37

CE Hours: 3 technical and/or scientific

AGD Subject Code: O17/165

LEARNING OBJECTIVES

- Learn how to create pathways to adopt the newest technologies.
- Utilize intraoral scanning to increase predictability.
- Understand how to select the newest materials to maximize technology.

JOHN MOLINARI, PHD

Occupational Respiratory Infectious Diseases: Aerosols, Spatter and Precautions

Audience: ALL

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S14

CE Hours: 3 technical and/or scientific

AGD Subject Code: 148

LEARNING OBJECTIVES

- Investigate the impact of emerging and re-emerging respiratory infectious diseases.
- Review representative viral and bacterial diseases, including influenza, tuberculosis, pertussis, and bacterial pneumococcal pneumonia.
- Understand how influenza pandemics develop and the impact of influenza pandemics.
- Comprehend occupational risks presented to dental health care professionals by these diseases.
- Explore how to apply appropriate infection control precautions to minimize the potential for occupational cross-infection.

JOHN MOLINARI, PHD

Vaccine Recommendations: Science, Success and Myths

Audience: ALL

Time: 1:00-4:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S31

CE Hours: 3 technical and/or scientific

AGD Subject Code: 148

LEARNING OBJECTIVES

- Comprehend the overall impact vaccinations have had in protecting the population against many infectious diseases.
- Discuss the latest CDC vaccine recommendations for health care professionals.
- Understand the rationale for other representative vaccination recommendations, including human papilloma virus infections.
- Describe the dangers of public misperceptions against vaccines.

LACI PHILLIPS

Systems Teams Technology

Audience: ALL

Time: 8:30-11:30 a.m.

Fee: \$20 Early Bird | \$30 After July 10

Course # S21

CE Hours: 3 nontechnical

AGD Subject Code: 550/561

LEARNING OBJECTIVES

- Learn the Standard Operating Procedure and discover which systems you are currently in need of.
- Recognize what you need to have a healthy and happy team.
- Ensure current technology is creating efficiencies in your office.

LACI PHILLIPS**Your Practice Through the Patients Eyes**

Audience: ALL

Time: 1:00-4:00 p.m.

Fee: \$20 Early Bird | \$30 After July 10

Course # S32

CE Hours: 3 nontechnical

AGD Subject Code: 550

LEARNING OBJECTIVES

- Discover your office in a new prospective, both external and internal views.
- Learn which reports to run to find out if your target audience is who you thought they would be.
- Gain insights from a patient's perspective, what do they see and hear.

ORTHODONTIC SYMPOSIUM**RICK ROBLEE, DDS****The Future of Interdisciplinary Dentofacial Therapy (IDT): Digital Empowered with an Airway-Focus, Part I**

Audience: D,A

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S15

CE Hours: 3 technical and/or scientific

AGD Subject Code: 370

LEARNING OBJECTIVES

- Understand 35 years of evolution in *Interdisciplinary Dentofacial Therapy* (IDT).
- Learn solutions to esthetic and restorative dilemmas often fall into a "Gray Zone" between the different disciplines.
- Recognize why an interdisciplinary approach is needed to properly diagnose and treatment plan these problems.

RICK ROBLEE, DDS**The Future of Interdisciplinary Dentofacial Therapy (IDT): Digital Empowered with an Airway-Focus, Part II**

Audience: D,A

Time: 1:00-4:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S33

CE Hours: 3 technical and/or scientific

AGD Subject Code: 370

LEARNING OBJECTIVES

- Learn about implementing and applying the Next Generation of IDT includes "*Digitally beginning with the end in mind*".
- Review how an "*Airway-Focused*" approach enables helping patients with major underlying health issues while making them more beautiful at the same time.
- Incorporate how digital technology can significantly strengthen and simplify Interdisciplinary workflow and collaboration.

PEDIATRIC SYMPOSIUM

MELISSA ROZAS, DDS

Tongues to Tonsils: The Comprehensive Pediatric Exam

Audience: D,A,H

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S22

CE Hours: 3 technical and/or scientific

AGD Subject Code: 160/188/430

LEARNING OBJECTIVES

- Review physical landmarks and variations in the developing child.
- Learn to recognize myofunctional issues that can lead to speech or orthodontic problems.
- Be comfortable with making referrals to medical and dental specialists to address breathing issues.
- Become aware of age appropriate oral development.

MELISSA ROZAS, DDS

How to Build the Dream Team and Tackle Parent Problems

Audience: D,A,H

Time: 1:30-4:30 p.m.

Fee: \$20 Early Bird | \$30 After July 10

Course # S39

CE Hours: 3 nontechnical

AGD Subject Code: 550

LEARNING OBJECTIVES

- Learn how to hire and properly train your staff so they are comfortable treating children.
- Develop your practice philosophy and set clear expectations for your staff and families.
- Determine your comfort zone with treating children.
- Learn how to implement systems that help you gain patient and parent confidence and reach treatment goals.

PAMELA SMITH, RDN

Winning the War Against Inflammation

Audience: ALL

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S23

CE Hours: 3 technical and/or scientific

AGD Subject Code: 150

LEARNING OBJECTIVES

- Identify the impact of stress hormones and neurochemicals on inflammation.
- Understand the anti-inflammation therapeutics of optimal nutrition, exercise and lifestyle.
- Discover the planet's healthiest diets and their overall wellness impact.

PAMELA SMITH, RDN

Seven Secrets to Living Well!

Audience: ALL

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S38

CE Hours: 3 technical and/or scientific

AGD Subject Code: 150

LEARNING OBJECTIVES

- Identify the chemistry behind fatigue, hormonal imbalance, and decreased immunity.
- Understand stress hormones, neurochemical imbalance and the components that impact the inflammatory response.
- Discover the key strategies to defuse negative health and well-being outcomes.

MARCOS VARGAS, DDS, MS**Tips and Tricks for Direct Resin Composite Restorations, Adhesion to Esthetics, Part I**

Audience: D,A

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S24

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017/250

LEARNING OBJECTIVES

- Learn how to properly bond to all types of dentin and enamel.
- Understand universal adhesives and their clinical utilization.
- Learn how to select shades for resin composite restorations.
- Gain knowledge on performing cavity preparations with an esthetic end in mind.

MARCOS VARGAS, DDS, MS**Tips and Tricks for Direct Resin Composite Restorations, Adhesion to Esthetics, Part II**

Audience: D,A

Time: 1:30-4:30 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S40

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

LEARNING OBJECTIVES

- Learn the indications for layering anterior resin composite restorations.
- Review a step by step approach to diastema closures, restore Class IV, contour and polishing resin composites.

THOMAS VIOLA, RPH, CCP**Up in Smoke! Will Cannabis Replace Opioids in the Management of Acute Dental Pain?**

Audience: ALL

Time: 9:00 a.m.-12:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S27

CE Hours: 3 technical and/or scientific

AGD Subject Code: 016

LEARNING OBJECTIVES

- Review the pharmacology and mechanism of action of opioid and non-opioid analgesics.
- Gain knowledge of the pharmacology, mechanism of action, routes of administration, adverse effects and dental considerations of cannabis.
- Identify the most current statistics on the opioid crisis in the United States.
- Understand the management of opioid addiction, including the purported uses of cannabis in this regard.
- Explore the proposed intended role of cannabis, with and without opioid analgesics, in the management of acute dental pain.

RACHEL WALL, RDH, BS

Powerful Partnership - Build a Strong Dentist-Hygienist Relationship for a Thriving Practice

Audience: D,A,H

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S16

CE Hours: 3 technical and/or scientific

AGD Subject Code: 495

LEARNING OBJECTIVES

- Discover how to calibrate treatment philosophies and fast-track hygienist confidence with collaborative diagnosis.
- Learn how to improve communication skills that build the Dentist-Hygienist relationship resulting in better case acceptance.
- Learn strategies for improved collaboration in real-life clinical situations.

RACHEL WALL, RDH, BS

Know Your R.O.H. - Uncovering the Potential of Your Hygiene Team

Audience: D,A,H

Time: 1:00-4:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S34

CE Hours: 3 technical and/or scientific

AGD Subject Code: 495

LEARNING OBJECTIVES

- Learn how hygiene treatment and compensation principles create healthy, long-term hygiene profitability.
- Review a specific formula for determining your practice's periodontal care potential based on patient needs.
- Discover three easy, actionable leadership principles you MUST implement to dramatically increase clinical treatment in hygiene.
- Understand why your digital reminders may not be working.

DOUG YOUNG, DDS, EDD, MBA, MS

New Advances in Caries Management Part I: Caries Management by Risk Assessment (CAMBRA) and the ADA Caries Classification System

Audience: D,A,H

Time: 8:00-11:00 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S17

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250/257

Presented in part with an educational grant from GC America, Inc.

LEARNING OBJECTIVES

- Learn how to define CAMBRA and CRA.
- Develop evidence-based treatment options to manage caries based on individual patient risk factors.
- Learn how to use the ADA Caries Classification System to determine when nonsurgical and surgical approaches are appropriate.

DOUG YOUNG, DDS, EDD, MBA, MS**New Advances in Caries Management Part II: Partial Caries Removal, SDF, GIC and SMART Restorations**

Audience: D,A,H

Time: 1:00-4:00 p.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S35

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250/257

Presented in part with an educational grant from GC America, Inc.**LEARNING OBJECTIVES**

- Review how to use: SDF, partial caries removal, GIC and SMART restorations to treat caries chemically.

GEORGE ZEHAQ, DDS**Perfect Photographs? Learn Camera Basics for Documentation and Marketing**

Audience: D,A,H,T

Time: 8:30-11:30 a.m.

Fee: \$30 Early Bird | \$40 After July 10

Course # S25

CE Hours: 3 technical and/or scientific

AGD Subject Code: 138

LEARNING OBJECTIVES

- Understand camera basics using proper settings, lenses and lighting for achieving good documentation and marketing photographs.
- Discover simplifying F stops, shutter speeds and metering so that you always get good pictures.
- Incorporate simplifying and/or completing your digital office photographic set-up.
- Develop marketing and utilizing social media using your own photographs.
- Learn how to get good portrait and intra-oral photographs and still enjoying doing so.

GEORGE ZEHAQ, DDS**Perfect Photographs? Learn Portrait and Intra-Oral Photography Workshop**

Audience: D,A,H,T

Time: 1:30-4:30 p.m.

Fee: \$145* Early Bird | \$155* After July 10

Course # S08

CE Hours: 3 technical and/or scientific

*Attendees should bring a camera with a portrait and macro lens, ring flash of some kind, retractors and mirrors to be used on oneself.

AGD Subject Code: 138

LEARNING OBJECTIVES

- Understand camera basics using proper settings, lenses and lighting for achieving good documentation and marketing photographs.
- Discover simplifying F stops, shutter speeds and metering so that you always get good pictures.
- Incorporate simplifying and/or completing your digital office photographic set-up.
- Develop marketing and utilizing social media using your own photographs.
- Learn how to get good portrait and intra-oral photographs and still enjoying doing so.

A SPECIAL THANK YOU TO THE FOLLOWING COMPANIES
FOR THEIR GENEROUS CONTRIBUTIONS IN SUPPORT OF THE
2020 SOUTHWEST DENTAL CONFERENCE.

DALLAS DENTAL HYGIENISTS' ASSOCIATION

FRIDAY, AUGUST 22

**RICK ROBLEE, DDS****The Future of Interdisciplinary Dentofacial Therapy (IDT):
Digital Empowered with an Airway-Focus Part I**

8:00-11:00 a.m.

Course # S15

**The Future of Interdisciplinary Dentofacial Therapy (IDT):
Digital Empowered with an Airway-Focus Part II**

1:00-4:00 p.m.

Course # S33

Experience consistently reminds us that the most challenging esthetic and restorative dilemmas are those that fall into a gray zone between traditional dental specialties and therapies. The complexities of diagnosing these problems, coupled with the lack of optimal treatment options, have historically led to inappropriate treatment and/or disappointing compromises. This is even more important today with our understanding of the Airway and dentistry's role in maintaining it. The cutting edge general restorative dentist must be able to quarterback and effectively collaborate with his/her interdisciplinary team to optimally address all these concerns. Traditionally, this IDT Team Leader role has been difficult at best, but digital technology is here to help.

This presentation will focus on a time-proven interdisciplinary approach that has undergone over thirty-five years of evolution. It diagnoses the fundamental components of the complex problems and optimally manages them by combining traditional therapies with the newest treatment modalities and philosophies to ideally address the underlying issues and more predictably achieve long-term success. These new interdisciplinary options include, Airway-Focused Diagnosis and Treatment, Digital Smile Design (DSD), Digital Collaboration, High-Tech Clear Aligner Therapy and Surgically Facilitated Orthodontic Therapy (SFOT).

See page 46 for more information.

FRIDAY, AUGUST 21

**TRACEY NGUYEN, DDS****Dental Screening Tools and Intervention Strategies for Airway Management**

8:30-11:30 a.m.

Course # F20

You will learn how to recognize common malocclusion that have co-morbidities to sleep and airway diseases, and understand common screening tools and digital images available.

Who You Need on Your Airway Team

1:30-4:30 p.m.

Course # F35

You will understand the goals of dental airway management to properly communicate with other specialists and develop an interdisciplinary team and explore various orthodontic tools used in airway management for all ages. You will also learn how to manage your airway team and to market your practice via social media.

[See page 33 for more information.](#)

SATURDAY, AUGUST 22

**MELISSA ROZAS, DDS****Tongues to Tonsils:
The Comprehensive Pediatric Exam**

8:30-11:30 a.m.

Course # S22

You will learn the necessary skills to examine a child, including physical landmarks, signs and symptoms of systemic issues, and age appropriate growth and development. We will review radiographs, speech milestones, breathing disorders and oral myofunctional issues that may impede the dental, physical and emotional development of a child.

**How to Build the Dream Team
and Tackle Parent Problems**

1:30-4:30 p.m.

Course # S39

Treating children in the office takes skill and training, but more importantly great people! Building a dental team that loves children and can handle even the most difficult parent or child is crucial. Many problems can be avoided with clear communication which includes expectations, limitations and good planning. When we are all working from the same game plan it can be a Win-Win for everyone!

[See page 47 for more information.](#)

THE MAC CLASS (MASTER ASSISTANT CLASS)

SATURDAY, AUGUST 22

**EDWIN (MAC) MCDONALD III, DDS****The Exceptional Assistant - Turning the Ordinary Into the Extraordinary Everyday****Part I: The Seamless Appointment**

8:00-11:00 a.m.

Course # S13

This half day lecture focuses on building the partnerships within the practice that will lead to exceptional patient experiences and a more meaningful assisting career. These critical partnerships are grounded in the agreed upon values of the practice. From these foundational values, you will learn how to build agreements and execute systems that reflect the standards, protocols, and objectives that are important to the practice performance. You will achieve an expanded view of what is possible for you in your role as a chair side dental assistant, a leader in your practice and an advocate for your patient.

The Exceptional Assistant - Turning the Ordinary Into the Extraordinary Everyday**Part Two: Building Clinical Competency**

1:00-4:00 p.m.

Course # S30

This program is designed to build your competence and confidence in the clinical techniques, materials, and instruments that are required in the most common procedures of a general practice. It will showcase the best of the best materials and products of 2020. Each clinical topic will focus on the skills and knowledge that illustrate the critical role of an assistant in achieving successful outcomes. Those skills will lower stress and increase the predictability and productivity of routine clinical procedures. This half day lecture is designed to help you build the skill sets that allow you to work more independently and add more value to the practice. It will be informative for expanded function dental assistants as well as those assistants that are newer in their career.

See page 44 for more information.

Perot Museum of Nature and Science

Opened in 2012, this museum is a popular hands-on learning experience with interactive components on all four floors. With 11 permanent exhibit halls in the heart of Dallas, the Perot Museum of Nature and Science provides an unforgettable experience for guests of all ages. www.perotmuseum.org

Sixth Floor Museum

The Sixth Floor Museum at Dealey Plaza (former Texas School Book Depository) presents the social and political landscape of the early 1960s, chronicles President Kennedy's assassination and its aftermath, and reflects upon his lasting impact on our country and world.

Dallas Zoo

Named one of "10 Amazing Zoos in the World," the Dallas Zoo is the largest zoological experience in Texas. www.dallaszoo.com

The Katy Trail

The Katy Trail runs through the densest part of our city, offering runners, bikers, hikers and others a great place to enjoy the outdoors. The Katy Trail runs from the West End/American Airlines Center in the south, through the heart of urban Dallas up to SMU and Mockingbird DART Station in the north. katytraildallas.org

Use D-Link and the Trolley to spend time in Dallas without spending a dime!

Use D-Link to explore Dallas' arts, fun, culture and dining. Check out the Dallas Arts District and much more across downtown Dallas. Buses run every 15 minutes (10:30 a.m. - 9:30 p.m.) seven days a week. Service provided by DART, Downtown Dallas, Inc. and the City of Dallas. Hop on the McKinney Avenue Trolley that takes you through Downtown, The Dallas Arts District and Uptown. Look for the "M-Line" maroon sign that's located at all the stops along the route and track the trolley to see when its near.

In Dallas, you can expect big things. Dallas offers the best shopping in the Southwest, a cutting-edge culinary scene, 14 exciting entertainment districts, the nation's largest urban arts district and impressive accommodations. The metroplex is the #1 visitor destination in Texas!

Klyde Warren Park

The newly opened 5.2 acre deck park is an urban green space built over Woodall Rodgers Freeway to connect Uptown, Downtown and the Arts District. www.klydewarrenpark.org

The Dallas Arboretum & Botanical Gardens

The Dallas Arboretum and Botanical Gardens was created to preserve history and nature. www.dallasarboretum.org

Dallas World Aquarium

View exotic birds, lounging sloths, a wide array of animals in the many conservation projects and a vast aquarium portion. www.dwazoo.com

Bishop Arts District

Once one of Dallas' best hidden treats, this two-block former warehouse area sit in the Oak Cliff neighborhood of South Dallas. It's home to more than 60 boutiques, restaurants, bars, coffee shops and galleries, making it one of Dallas' most unique districts. www.bishopartsdistrict.com

Trinity Groves

The 15-acre restaurant, retail, artist and entertainment destination sits at the base of the Margaret Hunt Hill Bridge in West Dallas. This ultimate foodie destination has everything from BBQ to sushi to Italian to southern comfort food and is home to the Restaurant Concept Incubator program, which encourages culinary entrepreneurs to develop restaurant concepts. www.trinitygroves.com

GeO-Deck at Reunion Tower

At 470 feet up you'll experience breathtaking 360-degree panoramic views, high-definition zoom cameras, interactive touch screens, telescopes, a free digital photo and an indoor/outdoor observation deck that lets you see for miles in any direction. iontower.com

Deep Ellum

Deep Ellum introduced jazz and blues to Dallas in the 1920s. Today, the neighborhood's rich musical history still beats on with live music venues alongside trendy dining spots and bars, unique shops and striking art installations and murals. www.DeepEllumTexas.com
